

**Ventech Solutions** (Ventech), an innovative IT business consulting and systems integration firm serving companies in the U.S. and around the world, adds to central Ohio's vision of becoming a technology hub.

### **World's First CMMI Level 5 Software Company**

Ventech is the world's *first* CMMI Level 5 (v 1.2) software company. Capability Maturity Model<sup>®</sup> Integration (CMMI) is a process improvement approach to managing the software development life cycle.

Encompassing best practices for product and service development and maintenance, CMMI helps organizations align IT and business goals, delivering well-designed IT solutions on time and within budget.

### **Focused on Continuous Improvement**

At Level 5, the highest level defined by the CMMI, Ventech is focused on continuous process improvement ...

*"The journey toward this prestigious rating required significant commitments of time, focus, and resources," said Ventech Founder and CEO Ravi Kunduru. "However, it created immense benefits for our customers and our company,"*

*"With this level of process expertise, Ventech delivers IT services, solutions and products that consistently meet the client's scope as well as the highest security and quality standards."*

### **TECHCOLUMBUS and Ventech's TOPCAT Award**

Ventech and its 125 U.S.-based employees are "newcomers" to TechColumbus, yet have already received significant benefits from their membership, including the prestigious TOPCAT award (see sidebar).

### **Local and National Recognition**

Ventech has appeared twice on the prestigious Inc. 500 list of the nation's fastest-growing companies and on Business First lists of Columbus' fastest-growing companies and best places to work. Ravi and Ventech are featured in the Ohio Department of Development's "Ohio Means Business" showcase, appearing in a full-page ad in the April 2 Wall Street Journal.

### **Ventech's Future as a Technology Leader**

Ventech is poised to become a leading global IT company, with plans to expand its Columbus headquarters and regional offices in Washington, D.C., Seattle and New York as well as a wholly owned subsidiary in India. TechColumbus and central Ohio are key factors in the company's growth strategy.

With his enthusiasm and commitment, coupled with TechColumbus' mission, Columbus can realize Ravi's dream of making this region "the Silicon Valley of the Midwest."

### **TECHCOLUMBUS & Ventech's TopCat Award Minority Owned Enterprise 2007 Outstanding Achievements in Central Ohio Technology Leadership**

*"We had been "heads down," quietly focused on developing our competencies and serving our clients. Then, all of a sudden, Ventech Solutions is being recognized in front of 1,000 Columbus technology leaders!" remarked Ravi Kunduru.*

### **Could Ventech have achieved this level of market awareness and exposure by other means?**

"The TopCat award certainly caused our visibility to skyrocket," answered Ravi. "The entire community now knows Ventech. If you're in the business of information technology and you don't become a member of TechColumbus, you're missing the mark."

### **Continued Commitment ...**

"I am personally committed to TechColumbus and the technology community. If we, as technology companies and leaders, get together, we can make a huge impact...not only in Columbus, but the entire Midwest," added Ravi.
